Provincial Officer
DICT Isabela

Dear Ma'am:

Greetings!

Various digital jobs have become increasingly prevalent and in demand in the Philippines in recent years, offering flexible employment opportunities while leveraging the country's skilled workforce. In line with this, the Provincial Government of Isabela (PGI), through the Provincial Public Employment Service Office (PPESO), aims to equip Isabeleños with the necessary knowledge and skills in various technology-related fields.

In this regard, may we respectfully propose a collaboration in conducting the following trainings/webinars for the Isabeleños:

- The World Doesn't Need another VA: How to swim into the Blue Ocean as a Digital Professional and Entrepreneur Webinar
- Canva 101 and Graphic Design Basics Webinar
- Data Privacy Awareness Webinar
- Smartphones as Tools for Digital Jobs Webinar
- Misinformation and Disinformation: Trusted, Secured, and Reliable Webinar
- AI for Beginners Webinar

Should you have any questions regarding this proposed collaboration, you may contact us through this email or via mobile number: 09218505117 (Mr. Jonas A. Hapinat– Administrative Assistant).

Thank you, and we hope for your consideration.

Very truly yours,

CECILIA CLAIRE N. REYES
PESO Manager
